

Environmental Policy

At Infinitec Group we take seriously our responsibility to care for and protect the environment in which we operate. We are fully committed to improving environmental performance across all of our business activities.

Infinitec Group is committed to adopting and maintaining sound environmental management and operating practices and to the continual improvement of environmental performance throughout the company. The resources required to achieve these outcomes will be provided to ensure sound environmental performance through responsible and informed work practices and decision-making consistent with best industry practice.

Our objectives are:

- To adopt the highest environmental standards in all areas of operation to ensure we meet or exceed all relevant legislative requirements.
- Minimise waste through efficient use of all materials and inputs.
- Use sustainable or recycled products where possible.
- Provide environmental training and education to all employees.
- Encourage employee involvement.
- Reduce risks from environmental, health or safety hazards for employees and others in the vicinity of our operations.
- To be prepared for emergency situations and to intervene immediately.

Infinitec Group will annually review its performance of these objectives and use the results to improve systems and policies.
